DESCRIPTION:

From a thorough analysis of the winning times of races to the effects of the draw, speciality contests focusing on two and three-year-old races to the significance of the classic trial events and betting on the total winning distances on the exchanges, The Turf Tool Kit will provide the answers and pointers to making the Flat 2008 season a profitable one. Organised on a course by course basis each entry in The Turf Tool Kit covers:

- The fastest winning times of horses at all distances.
- Full details of the winning horse including times, weight, trainer, going, SP, official rating and race date
- The Course and two-year-old record winning time plus Standard Times
- Commentary and future pointers on horses that ran the fastest times
- Statistics on leading trainers
- Comparison figures for the last ten years relating to 'trial' races for classic events
- Details of the draw for win and placed horses of every sprint race contested by at least ten runners
- Big race and major festival statistics
- Average winning distances
- Details of winning (and losing) Favourites including 'odds on casualties'
- Special section on two-year-old and key three-year-old races
- Updated in depth information available throughout the season at companion website - www.turftoolkit.com

Like any good tool kit, you will find assistance for every job you undertake in your quest for finding winners in *The Turf Tool Kit - Flat 2008*
