FIXED ODDS SPORTS BETTING

Statistical Forecasting and Risk Management

by JOSEPH BUCHDAHL

THE BOOK

Few people manage to make money from gambling; fewer still make a living from it. Written for hardened and novice sports bettors alike, Joseph Buchdahl's *Fixed Odds Sports Betting* examines, through various numerical techniques, how fixed odds punters may learn to beat the bookmaker, protect profits through a sensible approach to risk management, and turn high-risk gambling into a form of low-risk investment.

Fixed Odds Sports Betting investigates:

- Markets in fixed odds sports betting
- The bookmaker's overround
- Value betting
- Ratings systems for sports prediction
- Profitability and risk
- Singles versus accumulators
- Staking plans and money management
- The favourite-longshot bias
- Sports advisory services
- Betting records and their significance testing

JOSEPH BUCHDAHL (Location: Buxton , UK)

Joseph Buchdahl runs the website Sports-Tipsters.co.uk, independently verifying online sports betting advisory services to provide a measure of quality control and a means of demonstrating transparency, validity and reliability for a sports tipping industry that is otherwise unregulated. He is the author of *How To Find a Black Cat in a Coal Cellar* and *Squares and Sharps*, both published by High Stakes Publishing.
